

**What is the structure of your compliance program (e.g., centralized, decentralized or hybrid)?
What are the benefits and challenges of that structure?**

What do your current monitoring activities look like (e.g., substantive areas, activities)?

SCCE Higher Education Conference – Monitoring Mentor Workshop
Handout 1 (page 2)

What financial and non-financial (e.g., talent) resources or constraints are you subject to?

Is there overlap or redundancy in monitoring between functions or departments?

What is the vision, mission, and objectives that you/your department/your organization would like to accomplish?
