Group Exercise #1

You are a government prosecutor. You are investigating major violations of law you believe were committed by your target of your investigation.

- Develop a set of questions that you wish to ask employees of the company you are targeting.
- These questions are designed to expose a culture with a lack of concern for ethics and a culture of doing whatever it takes to make a profit.

16

Group Exercise #2

You are legal counsel for a company targeted by the government.

- What questions will you allow your employees to answer when the government comes to conduct interviews?
- How will you prepare your employees for the interviews?

17

Group Exercise #3

You are the organization's Chief Compliance and Ethics Officer.

- Prepare a list of questions to ask your employees to assess the culture of your organization.
