About the Academies

Are you prepared to effectively implement and manage a compliance program at your global organization? Get to the heart of compliance practice with help from our International Basic Compliance & Ethics Academies.

Who Should Attend?

Our academy training sessions are ideal for professionals with some compliance knowledge and experience who are ready to support, enhance and manage a comprehensive compliance program. This includes compliance officers, compliance and risk program managers, audit managers, data privacy specialists, and compliance lawyers.

Why You Should Attend

More than 7,500 compliance & ethics professionals have turned to our Academies to learn the best and leading practices in compliance and ethics management. Our Academies are not conferences. Instead, they provide in-depth, classroom-style training in compliance and ethics.

The Academies also:

- Cover the core compliance training you need, including compliance policies and procedures, education and training, risk assessment, auditing and monitoring, conflicts of interest, and anti-corruption and bribery.
- Are taught by compliance professionals, hand-selected for their experience and teaching skills.
- Allow you to earn up to 27.9 CCB CEUs or 23.75 CLEs for attending.
- Limit enrollment to 75 participants per academy, ensuring personal interaction with our expert faculty.
- Provide opportunities to network with both faculty and peers, including a networking dinner and other opportunities during training breaks.

What You Will Receive

Course materials are provided onsite on the first day of the academy. This includes a binder containing all course materials, a one-year access to the online version of *The Complete Compliance and Ethics Manual* and a copy of *International Compliance 101*.

Get Certified

Why do people add JD, MBA, or CPA after their name? Because they know those initials add credibility. Become a Certified Compliance and Ethics Professional-International (CCEP-I)[®] by taking the exam on the last day of the Academy.

More than 11,700 compliance professionals around the world have earned a Compliance Certification Board (CCB)[®] designation. By taking and passing the certification exam, you will both join this distinguished group and help further the development of the compliance and ethics profession.

In addition to passing the exam, you will need:

- At least one year of full-time experience in the profession or 1,500 hours within the past two years
- 20 hours of continuing education units (CEUs) in compliance within the 12 months prior to your exam date. The International Basic Compliance & Ethics Academy can provide all the CEUs you need, although it is not a preparation class for the exam itself.

The exam is optional and a separate application and fee is required. For more information, visit corporatecompliance.org and click on the "Become Certified" tab.

SCCE's Mission

SCCE exists to champion ethical practice and compliance standards in all organizations and to provide the necessary resources for compliance professionals and others who share these principles.

Rates are listed in U.S. dollars. Academies and certification exams will be conducted in English.

*Debbie Troklus, Chair of the
Compliance Certification Board
(CCB)[®] on getting certified*

“As our profession has grown, so has the need for professional certifications and education that focus on a variety of compliance industries such as general healthcare, privacy, research, and corporate compliance, as well as international. We see individuals not only seeking education or certification in one area, but in many and have in response to this expanded and increased our educational offerings for Academies, and for those who qualify, given the option to sit for a certification exam at the end of the Academy.

“I always had high hopes for these certifications, but the numbers of certified individuals and organizations recognizing these certifications far outweigh my expectations. The CCB certifications have really become the gold standard. With more than 11,700 individuals actively holding a CCB credential(s), the increase in organizations preferring individuals hold a CCB credential for hiring and the more than \$4,000,000 invested in the development of the Compliance Certification Board credentials, the numbers go to prove that there is now a compliance profession established. We don’t get asked, ‘What is compliance?’ anymore, everyone knows.”
