8:30 – 9:30 AM

General Session 1: How Much Due Diligence is Enough?; Will More Be Expected And If So How Much More?

Ryan C. Hubbs,
Global Anticorruption & Fraud Manager,
Schlumberger

- Revisiting the requirements of due diligence programs.
- Where are due diligence programs being challenged and where are they falling short?
- What changes could we see in due diligence programs, and requirements, in the coming years.

9:30 – 10:30 AM

General Session 2: Why Good People Do Bad Things

Paul Fiorelli, CCEP,
Director,
Cintas Institute for Business Ethics,
Xavier University

- Explore how integrity, reputation and working in the gray areas impact an organization.
- Review how we treat people who "make the numbers" but "ignore the values" of the company.
- Analyze character traits leading to improper behavior.

10:30 – 11:00 AM

Networking Break

11:00 AM – 12:00 PM

Concurrent Sessions

101: Post-Incident Communication with Regulators

Charlene Wright,
Managing Member,
Wright & Associates PLLC

- Exploring the duty of utilities communicating with regulators post incident, and why litigators sometimes get it wrong.
- Recent examples of post-incident enforcement and the consequences of lack of transparency.
- Why managing post-incident activities only from a litigation perspective can miss key opportunities to prevent recurrence, improve safety and improve communication with regulators.

102: Code 3.0: Changing Expectations for Written Compliance Standards

Eric Morehead,
Principal Consultant,
Morehead Compliance Consulting

- How often you should review and update your code of conduct and other written standards?
- Who should be involved in the development process and what should that process look like?
- Is there any new guidance on how to develop written standards?

12:00 – 1:00 PM

Lunch (*Provided*)

1:00 – 2:00 PM

Concurrent Sessions

201: Major Recent Developments in Anti-Corruption Compliance Across Latin America

Brian Weihs,
Managing Director,
Kroll, a division of Duff & Phelps

- New laws enacted in countries across the region give new powers to enforcers and require new obligations of companies – how has this changed the ABC (anti-bribery and corruption) compliance picture in the region?
- Enforcers are exercising new-found powers and autonomy, and working in closer collaboration with foreign authorities, resulting in several notable (game-changing?) prosecutions. Are there more coming?
- Anti-corruption has been a significant and sometimes overwhelming issue in recent and upcoming elections across the region. How will the ABC compliance picture evolve in the next couple of years?

202: Energy Storage – Federal Regulatory Developments and Implications

Levi McAllister,
Partner,
Morgan Lewis

- An overview of the development of energy storage resources in the US and the implications of widespread storage resource deployment on existing and future generation fleets.
- FERC's requirement that organized markets permit full and fair participation by storage resources, the implications of that requirement, and how organized market rules and regulations are evolving in response to Order No. 841.
- Commercial and financing considerations for storage resource development and procurement, including structures used for IFM and BTM energy storage projects and project finance developments for energy storage.

Agreements & Acknowledgements: I agree and acknowledge that I am undertaking participation in SCCE events and activities as my own free and intentional act, and I am fully aware that possible physical injury might occur to me as a result of my participation in these events. I give this acknowledgement freely and knowingly and assert that I am, as a result, able to participate in SCCE events, and I do hereby assume responsibility for my own well-being. I agree and acknowledge that SCCE plans to take photographs and/or video at the Utilities & Energy Conference and reproduce them in SCCE educational, news, or promotional material, whether in print, electronic, or other media, including the SCCE website. By participating in the SCCE Utilities & Energy Conference, I grant SCCE the right to use my name, photograph, video, and biography for such purposes. As a participant of this event, my name, job title, organization, city, state, and country will be listed on the attendee list that will be distributed to attendees, speakers, and exhibitors of this event.

CONTINUING EDUCATION

SCCE is in the process of applying for additional external continuing education units (CEUs). Should overall number of education hours decrease or increase, the maximum number of CEUs available will be changed accordingly. Credits are assessed based on actual attendance and credit type requested.

Approval quantities and types vary by state or certifying body. For entities that have granted prior approval for this event, credits will be awarded in accordance with their requirements. CEU totals are subject to change.

Upon request, if there is sufficient time and we are able to meet their requirements, SCCE may submit this course to additional states or entities for consideration. If you would like to make a request, please contact us at 952.933.4977 or 888.277.4977 or email ccb@compliancecertification.org. Visit SCCE's website, corporatecompliance.org, for up-to-date information

Compliance Certification Board (CCB)*: CCB has awarded a maximum of **21.6** CEUs for these certifications: Certified in Healthcare Compliance (CHC)*, Certified in Healthcare Compliance—Fellow (CHC-F), Certified in Healthcare Privacy Compliance (CHPC)*, Certified in Healthcare Research Compliance (CHRC)*, Certified Compliance & Ethics Professional (CCEP)*, Certified Compliance & Ethics Professional—Fellow (CCEP-F)*, Certified Compliance & Ethics Professional—International (CCEP-I)*

Continuing Legal Education (CLE): The Society of Corporate Compliance and Ethics is a provider/sponsor, approved/accredited by the State Bar of California, the Pennsylvania Bar Association, and the State Bar of Texas. An approximate maximum of **14.0** clock hours of CLE credit will be available to attendees of this conference licensed in these states. SCCE's practice is to apply for CLE credits to the state in which the event is being held, if that state has a CLE approval process for sponsors. Upon request, if there is sufficient time and if we are able to meet their CLE requirements, SCCE may submit this course to additional states for consideration. Only requests from registered attendees will be considered. All CLE credits will be assessed based on actual attendance and in accordance with each state's requirements.

NASBA/CPE: The Health Care Compliance Association is registered with the National Association of State Boards of Accountancy (NASBA) as a sponsor of continuing professional education on the National Registry of CPE sponsors. State boards of accountancy have final authority on the acceptance of individual courses for CPE credit. Complaints regarding registered sponsors may be submitted to the National Registry of CPE Sponsors through its website: www.nasbaregistry.org. Sponsor Identification No: 105638. The education level for this activity is considered basic. No prerequisites are required for this education. Delivery Method: Group Live. Advanced Preparation: None. A recommended maximum of 21.5 credits based on a 50-minute hour will be granted for this activity. This program addresses topics that are of a current concern in the compliance environment and is a group-live activity in the recommended field of study of Specialized Knowledge.
