New Association Management System

Many of you know that we migrated to a new online system earlier this year to better help you manage your SCCE and HCCA account. To those who have already started using the new system, we hope you are enjoying the streamlined services and added capabilities! If you haven't yet explored the new experience, we invite you to do so now!

To get started, you'll have to log in and update your password. Visit my.corporatecompliance.org and click "Forgot your password?" You will be taken to the password reset page. Enter your email address as prompted and you will receive an email with a link to reset your password. Click the link, click the "reset password" button, and create your new password following the guidelines provided. The email address you provided will be your username going forward.

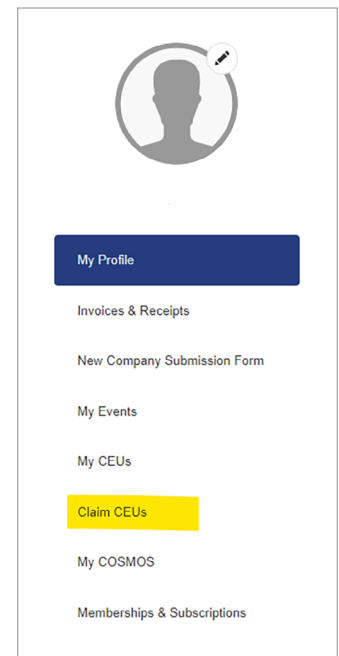

What's new in terms of CEUs and certification?

Enjoy the ease of online CEU submissions and faster CCB CEU processing times!

One of the biggest updates with our new AMS is the process for submitting CEUs from SCCE & HCCA in-person or virtual events. Previously we issued paper copies or PDFs of a CEU application that would take roughly 3–4 weeks to process. Now attendees can submit their CEUs directly into their account with automatic approval on CCB CEU requests.

To claim your earned CEUs:

- Log in to your account at my.corporatecompliance.org
- Click on “Claim CEUs”
- Select “SCCE/HCCA Event” as your event type and hit next

How to request your CCB CEUs

Whether you participate in an SCCE or HCCA activity or one sponsored by another organization, you will need to claim your CEUs and submit them to CCB so they are available to be used toward certification or renewal.

- **Magazine Quizzes:** [Click here to take monthly CEP/CT magazine quizzes.](#)
- **SCCE & HCCA Webinars:** Use the form below to submit SCCE or HCCA live or recorded webinars.
- **SCCE & HCCA Events:** Use the form below if you attended an SCCE or HCCA in-person or virtual conference.
- **Product Quizzes:** Contact ccb@compliancecertification.org. Online product quizzes are still in development.
- **Individual Accreditation Application:** Use the form below if you attended an event that was not CCB pre-approved. CCB Accreditation Specialists will review the application and program information to determine whether the content meets CCB requirements for CEUs.
- **Pre-Approved Events:** Use the form below if you attended an event hosted by another organization. The event sponsor should have distributed an attendance certificate to all attendees. This certificate will list the total amount of CCB CEUs awarded and provide the required code to submit for CEUs.

- Choose the specific SCCE or HCCA event you are wanting to claim CEUs from in the drop-down menu and hit next

How to request your CCB CEUs

This certificate will list the total amount of CCB CEUs awarded and provide the required code to submit for CEUs.

- Select your attended sessions from the event and hit submit

As always, any credits requested from outside organizations will be assessed in compliance with those organizations' standards and requirements and certificates will be emailed separately.

Online certification renewal process

The certification renewal process has also undergone an update to be more in line with best practices regarding certification standards. These updates include required attestations from each certificant regarding their earned continuing education, along with others, to ensure they are in good standing and current on the policies and procedures of the Compliance Certification Board (CCB)[®] specific to the certification they actively hold. With this, the renewal process has been moved to be entirely online, where payment of the certification renewal fee will be submitted after completing the required attestations.

Why get certified? Hear from your peers

- “ It has placed me on a higher job position with added benefits. Increased confidence in my job with wider knowledge by interacting with peers at conferences and reading the magazines. I have gained tremendous recognition based on the value I bring to [the] compliance function in my company.
- “ I decided to get certified because I wanted to take my career to the next level. I wanted access to the resources provided by SCCE and an opportunity to network with other compliance professionals across different industries.

CCB certification specialists are available 8:00 AM—5:00 PM CT to assist you.
